

**Promesa, Inc./Alba de Vida Methadone Clinic
at 254 Virginia Street Buffalo 14201**

Alba de Vida Methadone clinic is hiring a competent, well-qualified full CASAC to join the staff for M-F evening hours (+ rotating Saturdays) at our West Side facility. Alba de Vida is the only methadone clinic offering evening hours in WNY.

Alba de Vida is part of the ACACIA NETWORK, a progressive community-based development organization headquartered in the Bronx, offering Substance Abuse Rehabilitation, Residential Inpatient and Outpatient Methadone Maintenance, and Chemical Dependency.

Opiate drugs affect the body and mind like no other type of drug, gradually deteriorating essential brain chemical processes over time. Once a person becomes addicted to opiates, the resulting damage makes it all but impossible to stop using without some form of medication intervention. **Methadone minimizes the odds of relapse while you help clients fix the physical, professional, and social damage done by opiate abuse through individual and group counseling.** Come do great work with us!

Please send your cover letter and resume to esmith@hubwny.org
