

Think you have to choose between helping others or a career? **Think again.**

Ready to **kick start your career** and gain valuable non-profit management experience?

Do you believe in **making a difference** in marginalized communities here at home?

Want to earn money to **pay off your student loans** or put towards grad school?

If you answered yes to any of these questions, consider joining [AmeriCorps VISTA](#). With AmeriCorps VISTA, you have a chance to live and serve in the community and focus area of your choice. For a one year commitment, you will receive a modest living allowance, a \$5,920 education award (to put towards education expenses like student loans), health and childcare coverage, and many more benefits.

**Most importantly,** you will be working alongside community leaders and local organizations to make a lasting impact in initiatives like:

- Ensuring all children have access to quality **nutrition and education,**

- Securing safe housing for **homeless veterans** and their families,
- Helping **senior citizens** keep their family homes in rapidly gentrifying neighborhoods,
- Enabling sovereign **tribal nations** to secure and promote their cultural heritage,
- **And thousands more opportunities!**
