

Catholic Health

Looking to help in WNY time of need?

Hospital Assistance - Clinical and Non-clinical

Whether you are a clinical professional or just want to help, Catholic Health understands healthcare serves a higher purpose! We are dedicated to our community and WNY needs us now more than ever. Our mission is to continue to provide healthcare for all - especially the underserved in these challenging times.

We are currently offering per diem opportunities for the following positions:

Nursing Assistant - If you are a current nursing student, medical student or have worked in a nursing home or hospital with patient care experience, we are looking for individuals to perform various patient care activities and provide related non-professional services as required to meet the personal and comfort needs of patients.

Hospital Assistant. If you are a non-clinical professional who is willing to assist by providing in-hospital support such as hall monitoring, dispatching requests, and running supplies between departments, this is the opportunity for you.

Excellent communication, multi-tasking, and organizational skills are required.

Multiple shifts and locations are available at Catholic Health facilities throughout the region and we offer highly competitive pay.

Send resumes to HRRecruit@chsbuffalo.org and we will contact you for a confidential conversation.
